Easy-to-Use Mobile App

Captivating Sports Coverage

... in real time

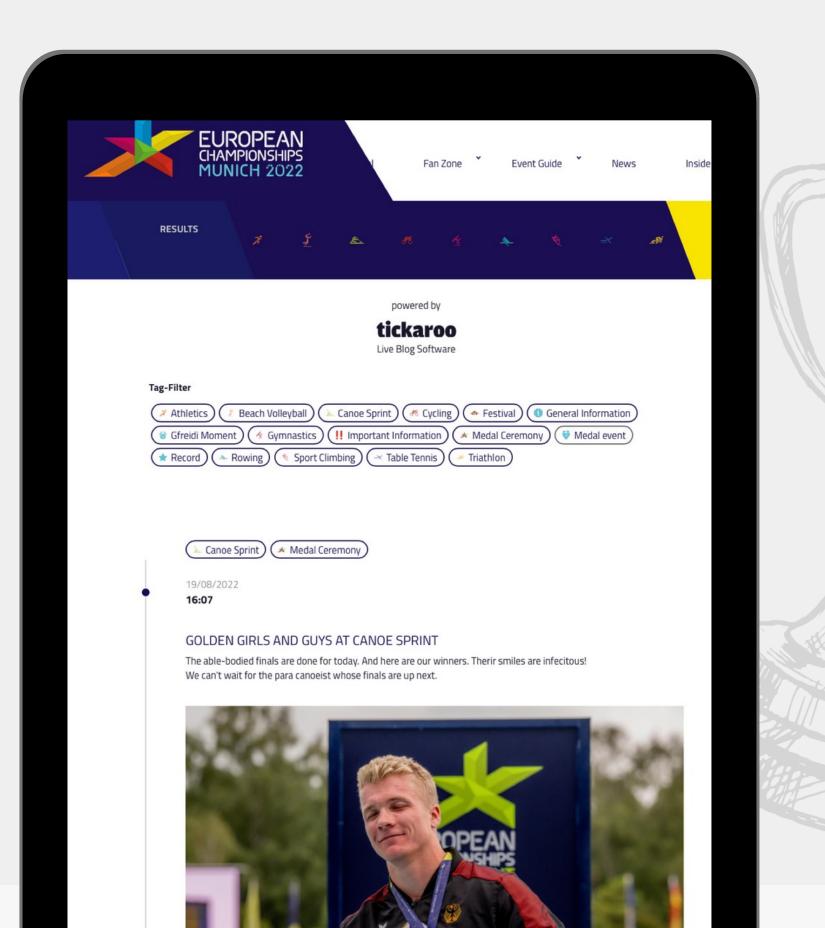

Control

The Narrative

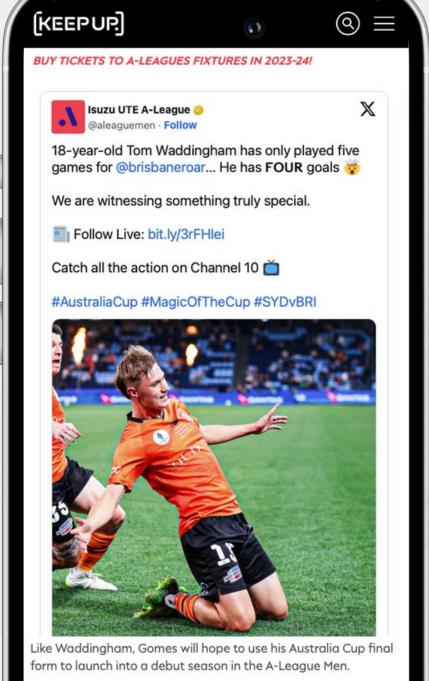

- Keep fans up-to-date with scores, standings, penalties, and more.
- Adjust your liveblog's layout to control its look and feel (no coding necessary).
- Cover both the action on the field and sidelines by adding images, videos, and more in seconds.

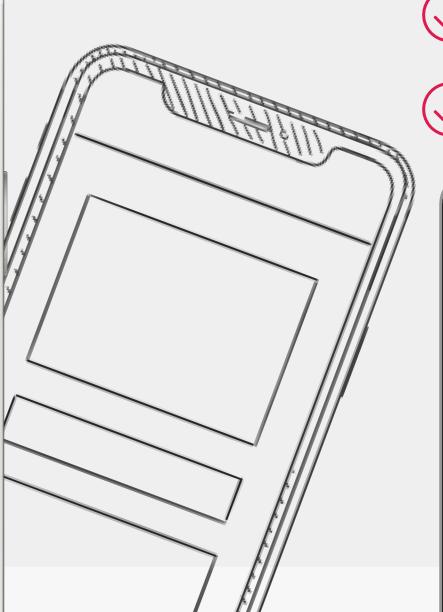

Leverage Social Media

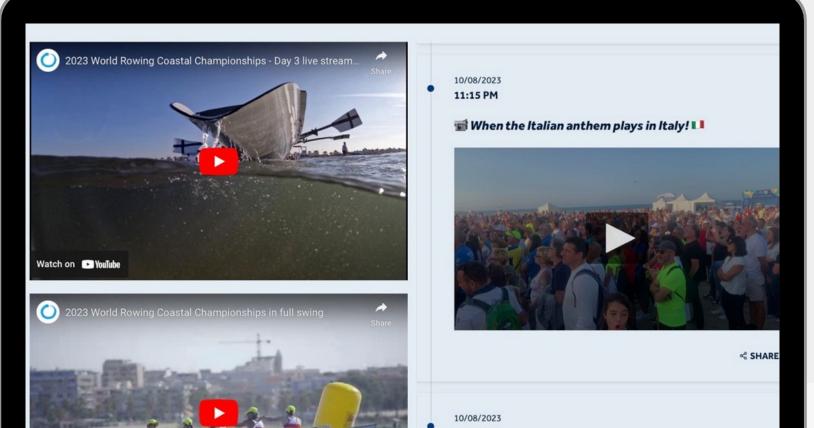

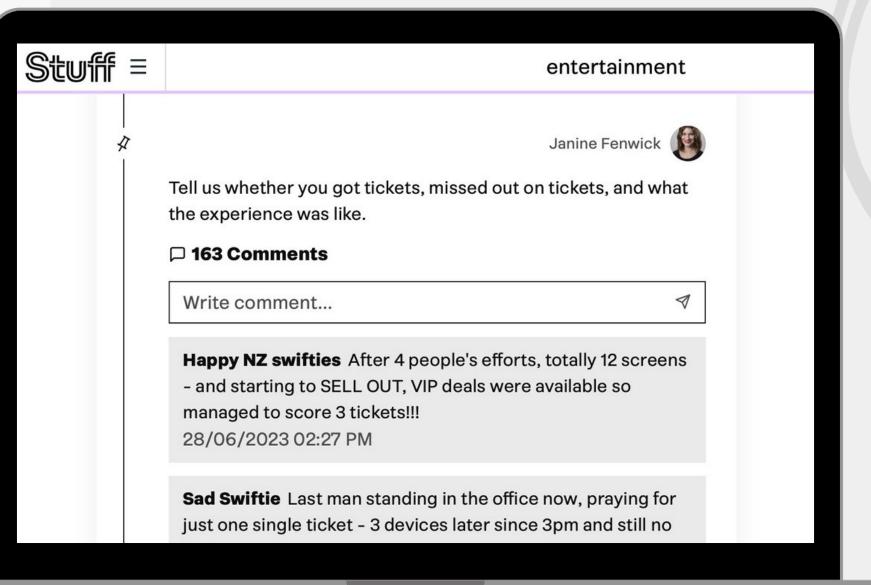

- Easily integrate social posts into your liveblog coverage.

f O X P and more

- Allow readers to share liveblog posts on their social networks for more reach.
- Use our in-editor social feed to search and find valuable content easily.
- Shrug off social algorithms and have your content speak for itself on your own website.

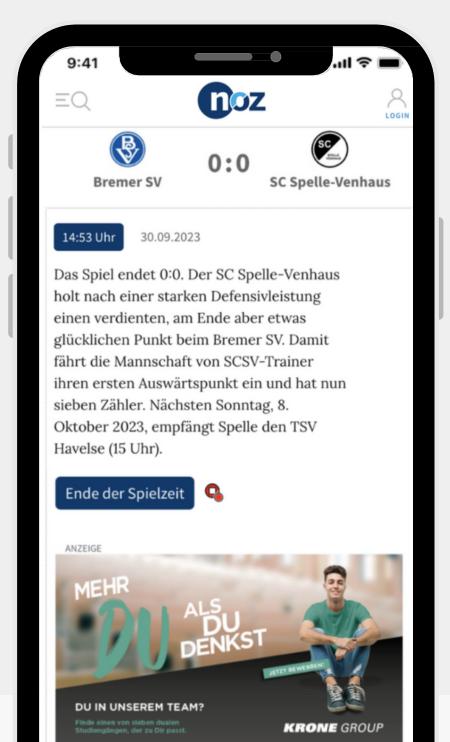

Interact with Fans

- Interact directly with your fan base with our Live-Commenting Feature.
- Manage comment visibility within your Live Blog account.
- Build a community and learn what your fans really want on your own website.

Maximize Advertising

Monetize your liveblog with In-Blog Ad Integration

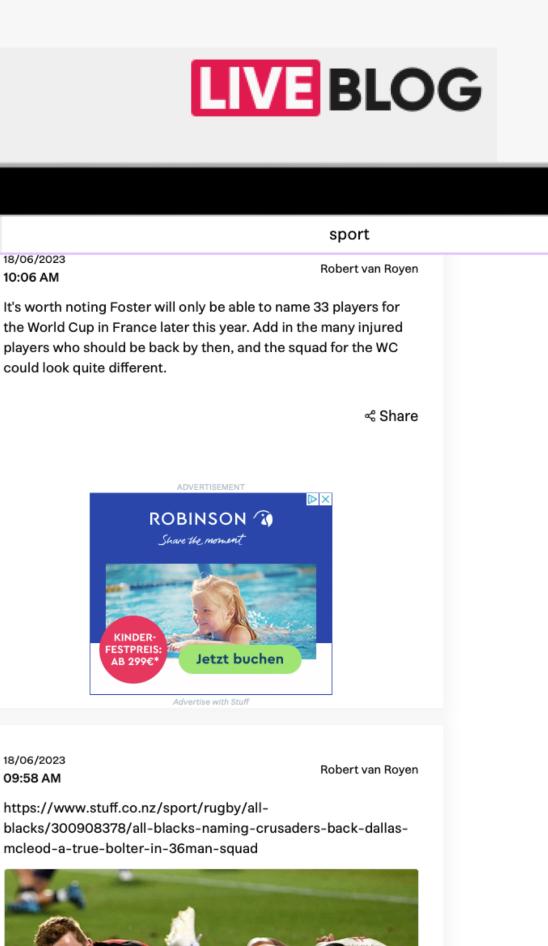

> Liveblogs have 8x longer retention rates than regular articles. This leads to higher ad revenue.

Capture The Action

- Use our Mobile Reporter App to capture pictures and videos on-the-go.
- Easily interview coaches and players directly from the sidelines for exclusive BTS content.
- Quickly capture media on the go and from various locations.

LIVEBLOG

With tickaroo...

Funnel Traffic from Social Media Platforms to your Website

Cover Any Event in Real-Time

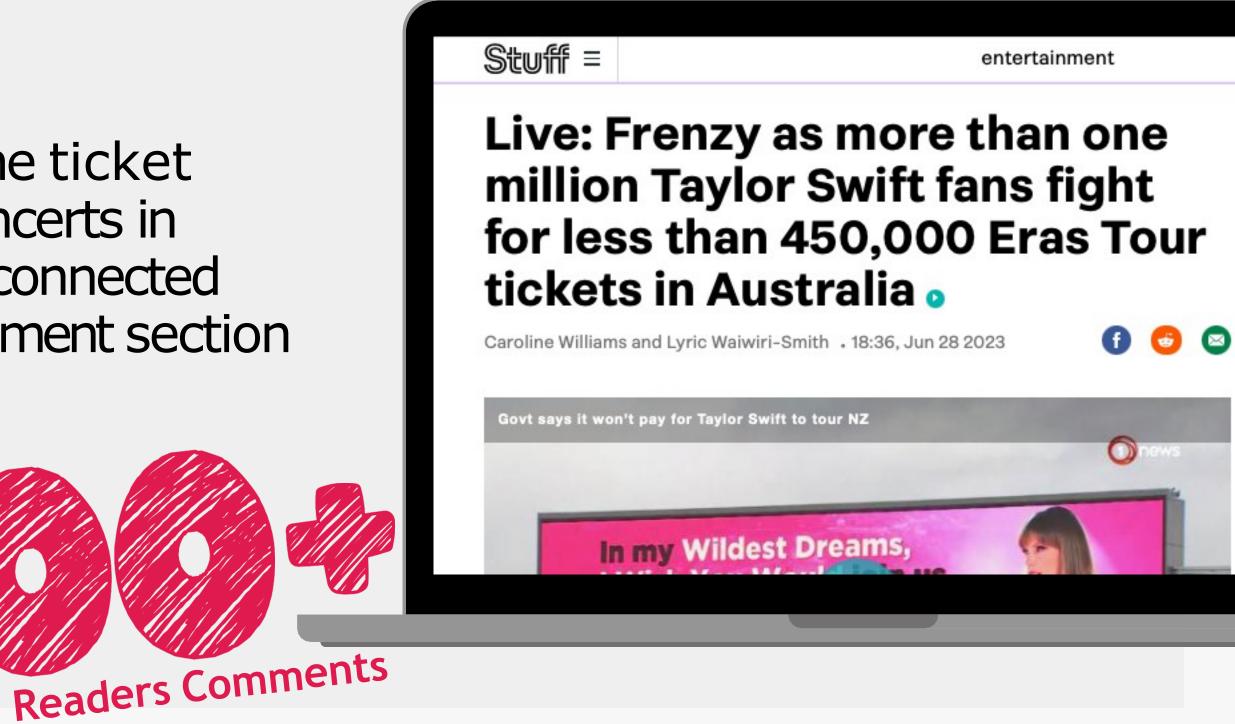

Inspire and engage your fans on your digital platforms.

LIVE BLOG

To Build Community

In their live coverage of the ticket frenzy for Taylor Swift concerts in Australia, Stuff reporters connected with fans in their live-comment section of their liveblog.

How Our Clients Use Tickaroo

To Inform Fans

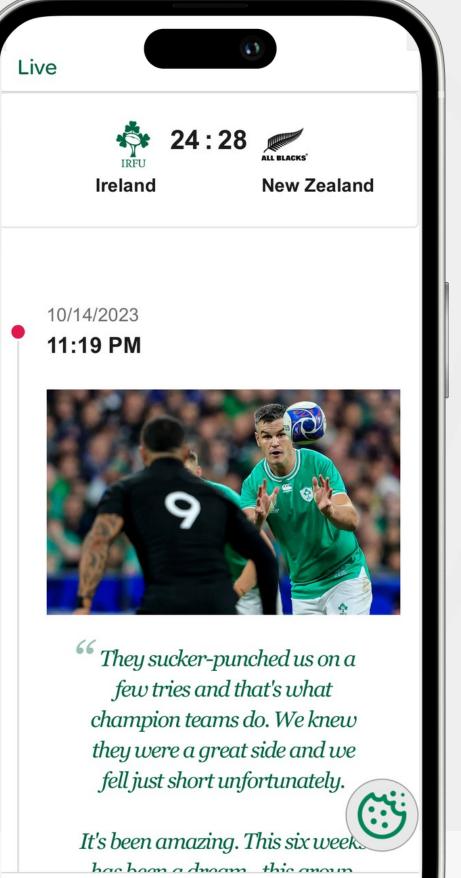

During the 2023 Rugby World Cup, publishers and rugby associations updated their fans not only with scores and penalties but also images, quotes, and social media posts.
